BIG CONCERT HELD HERE SEPT. 19TH

A rare musical treat is in store for music lovers of Smethport on September 19, when three artists of the Edison Phonograph Company will appear here in a concert at the Lyceum.

The concert will be under the management of J. M. Wiant, who is to shortly open an Edison agency at his store on Main street.

Madam Leeta Corder, prima donna soprano, assisted by Mr. Robert Velten, violinist, and Mr. Leslie Loth, pianist, are the performers who will be heard. The efforts of each have been produced on Edison records.

A wonderful exhibition of the likeness of the Edison phonograph to the human voice will be given during the concert, as has already been done in large cities.

Mr. Wiant is taking up the agency for the Edison machine because of repeated requests of the company. The concert is being held for the purpose of exhibiting the talking machines, and of demonstrating their possibilities.

Four are en route to Smethport, where they will soon be on display at the Wiant store.

The program of the concert is as follows:

1. (a). If You Would Care (As You Were) ..... Darewski
(b) Always Do As People Say You Should ..... Herbert
Miss Corder with the Edison re-creations of her voice.
2. Meditation (Thais) ..... Massenet

3. Second Mazurka ..... Godard
Mr. Loth with the Edison re-creation of a piano solo by Mr. Andre Benoist.

SMETHPORT MAN IN AUTO COLLISION IN OLEAN

Olean, Sept. 2.—A battered radiator and a smashed front wheel on an automobile owned by John Lichle of this city and a broken rear wheel on a truck of Hyman Berman of Smethport was the result of the two cars coming together on North Union street about 8 o'clock this morning. Both machines were going north at a point about 100 feet north of the P. R. R. tracks with the truck ahead. In an effort to turn to the left to get on the scales of the Builders' Supply Company, Berman turned his car in the middle of the block and was hit, he claims, in the rear by the Ford. Both parties reported the accident to the police.

EMPORIUM IS ROUTED

The final score was Smethport, 11 to Emporium 3.

Outhit and outguessed the visitors really made a poor showing, and in order to cover up their chagrin they attempted to blame much of the misfortune upon the umpiring, part of which was done by one of their fellow-townsmen.

The game started with a promise of interest. After the locals had hit to the extent of four runs, the guests showed a faint sign of life by getting in three runs through a couple of misplays and hits, and had three men on the bases. Then the visitbatter lined out a terrific hit that traveled like a bullet over second and on out to center field. Denning prevented any more scoring by grabbing the ball, retiring the side.

After that there was nothing to the game but Smethport.

During the last two innings Emporium tried out a relief pitcher to stop the bombardment, but the new one got along very little better than his predecessor.

Haines pitched a masterly game, as is attested by the large number of strikeouts to his credit.

One home-run by McGowan who went all around the bases on a single which got lost in the grass in right-field. Gallagher did some fancy running.

The score:

FOOTBALL TEAM FOR SMETHPORT PLANNED

Smethport will put a football team in the field this year ready to clash with the best gridiron aggregations of the county and this section.

Friday evening — tomorrow — at 8:30 o'clock at the hose house all who wish to become candidates for positions on the local eleven will meet to elect officers and make plans for early practice and other details.

A large number have announced their intention of playing, and as financial backing and support of several representative citizens has been promised, it was decided to begin right away to put a team in the field.

Some of the young men of the town who are interested are Howard Workley, A. Gallagher, Albert Cleveland, Erle Josephson, Paul Denning, Louis Hull, Harold Peeler, Eugene Nagle, Arthur McDermott, William Howe and Arthur Pickersgill. Numerous others are agog with gridiron talk, and will no doubt show up at the meeting. Nearly all of those whose names are mentioned have been trained in football tactics by college coaches, Albert Cleveland being on Walter Camp's All-American eleven.

The election of officers will likely be one of the first actions of the meeting. Thereafter the plans will proceed with an organization behind them.

S. F. Redfield, Ward Guncheon and L. E. Munn are among the business men who have already announced their intentions of backing the team, and from among the large quantity of sporting element here, there should be no difficulty in getting together the necessary funds for football equipment.

The games will be played at the Fair Grounds and teams from Bradford, Kane, Johnsonburg, Shinglehouse and other places will probably be on the schedule.

Practice will begin next week, it is said.

There is plenty of speedy material at hand and a good amount of "beef." The backfield can be easily developed, and with some likely material in the line, the local eleven should be able to compete with the best.

One of the plans is to have a good coach for the team to whip the new men into shape and teach the late rules of the game.

The Kane football team has already sent a challenge to the locals to play a game here during fair week, but this contest will not be played until later, when the locals have been practiced and equipped.

WANT MANY INVESTORS

J. Clayton Backus, who is managing the affairs of the Trunk Line Company which is to bring electricity to Smethport desires, to make it known that the backers of the enterprise hope for a widespread interest in the movement in the form of purchase of stock, no matter how small the amount might be.

Mr. Backus hopes to make the company one that will be representative of as many persons as possible, and does not wish the stock to be controlled by a certain few.

"We want everybody to get in on this investment," said Mr. Backus. "What the company does should signify what the citizens of the town and vicinity wish to do, and the more stockholders we have, the easier this is possible. There are many persons perhaps waiting for us to call upon them for the purchase of stock. But they should come forward and render our task easier so that we can soon get this company going, and the current here as quickly as possible."

FORMER COUNTY TREASURER AND SON NEARING BURMA.

Having left England on August 12 and with but one stop to make at Port Said, Former County Treasurer Frank Potter and his son, Frank, Jr., are probably nearing Burma by this time.

Word to this effect has been received by District Attorney E. G. Potter here.

The trip across the Atlantic was thoroughly enjoyed by the two local men as neither became seasick, and no serious bad weather was encountered.

After a few days' stay in Liverpool and a hurried trip to London, they left England for a 35 days' sail to Burma, where they have contracted as oil drillers for three years.

CARD OF THANKS.

We wish to express our thanks and appreciation for the kindness shown us during our sad bereavement, also for the many beautiful floral offerings.

Mrs. John Courneau,
Mrs. Ray Abbey,
Mr. Ray Ostrander.

WHITE'S MILLINERY.

Here you will find the season's choicest offering in hats, patterns in the smartest shades, a fine line of children's silk plush hats at $3.00; silk beavers at $4.50 and $5.00.

36-2t Mrs. Clair White.

WOMEN'S AUXILIARY MEETING.

There will be a meeting of the Women's Auxiliary of the American Legion Monday evening at 8 p. m., September 2 in the basement of the M. E. church.

A. MILLER LEASES PLANT

A. Miller, who has been buying and churning cream at the Claranett Dairy on west Main street, has leased the building of the cheese factory on Water street.

Mr. Miller has established a large business and has now over 150 patrons bringing him cream and shipping to his plant.

The reason this business has grown so fast, says the proprietor, is because so many farmers have come to conclusion that it does not pay to sell whole milk of the farm, but sell only the cream and feed skim milk to young stock.

The butter from the Claranett Creamery is now being sold to nearly all the stores at Olean, Kane, Mt. Jewett, Hazelhurst, Coudersport, Eldred and also to the leading hotels and hospitals in this and nearby counties.

Mr. Miller will install much up-to-date machinery in his new plant, and has ordered those so it will likely arrive within a short time. A mechanical can washer and a fine pasteurizer will be among the new equipment.

After the plant is completely remodeled, the public is invited to visit and see the modern, sanitary methods employed. The various dairy products will then be on sale.

SAYS HE IS THE MOST CONSTANT MINER READER

In the friendly competition to see who has been the most persistent reader of The Miner for the longest period, Mr. H. L. Burlingame, who lives at Kasson, comes forth with the claim that he has read the paper for the past sixty years or more, and that when he was fighting in the Civil War, copies of it were sent to him.

Mr. Burlingame was a member of the Bucktail Brigade, was wounded and captured at Gettysburg, and knows a thing or two about hand to hand engagements and life in rebel prison camps.

A very close friend of Colonel Rogers, Mrs. Burlingame received copies of The Miner on several occasions while in camp, and states that he was mighty glad to get news of his home town.

After being discharged from service in 1865, Mr. Burlingame arrived in town and several days after came to the newspaper office and subscribed. Since then he has never failed to relinquish his connection with the paper.

The Harry Copping Shows, one of the biggest carnivals that makes fairs, has been booked for the midway.

The Kane Republican, commenting on this carnival, which played that city the other week, says:

"The carnival arrived in Kane Sunday morning in fifteen cars, which were taxed to the utmost to carry their load. The riding devices include a merry-go-round, mammoth Ferris wheel aeroplane swings, and that popular and laughter-producing device known as "The Whip," which seems to be the big feature and is loaded to the capacity every trip."

This same paper, speaking of other attractions says:

"There are a dozen good tent shows, including the Old Plantation, Freak Shows, Posing Dogs, which do some worth-while stunts in the living pictures. Over-the Top is a mirth-provoking attraction. There is a big athletic show of wrestling and boxing. Zim and Zam are a clever pair of midgets and contrast strangely with the fat lady in the freak show."

YEGGS AGAIN VISIT IN SMETHPORT; TWO ATTEMPTS

The Corner Drug Store and the Smethport Garage resisted the efforts of supposedly amateur yeggs on Monday night. Side doors of both these buildings bore evidence of having been worked upon by some sort of a tool.

It is believed that someone in town tired with the idea of robbery from the example set by real yeggs in East Smethport last week, essayed a little excitement, with poor success.

A REGRETTABLE INCIDENT

Regret is felt concerning the unfortunate excitement which occurred near The Miner Office last Thursday evening.

Instances of the kind hurt a community far more than the principals and the less said the better.

We refuse to comment.

FINE CEMENT ROAD NOW THROWN OPEN

The old broken down macadam road between Bradford on East Main street and Foster Brook corners which enjoyed the distinction of having the most bumps of any road of its size in the county, is now a thing of the past and in its place is one of the finest cement roads in Pensylvania.

The road is practically completed and thrown open to the public which will permit cars to run on a smooth road from the city line to Limestone. By the middle of next week the New York state road will be completed to Irvines.

An inspection of the new short link of road just completed from East Main street to Foster Brook, is said by road builders and authorities on such matters to be one of the finest jobs in the state of Pennsylvania. The work was done by local men under the direction of A. J. Bond. It is demonstrated that we can successfully build our own roads.

CAR FOUND BEFORE THE OWNER HAD MISSED IT

Olean, Sept. 2.—A seven-passenger touring car thought to have been abandoned was found on Jay street late yesterday afternoon by Officer Gilmore and removed to police headquarters where it was held until last night when the police learned the machine had been stolen from a garage in the rear of the home of T. B. Decker, No. 27 Cottage Row, Bradford, Pa.

The owner, it is claimed, stated the car had been stolen some time Tuesday night, but he had not missed it until late yesterday. The machine had been in possession of local officials for several hours before they were notified of the theft by Bradford police.

The building is being erected in the rear of the high school building on Third street side. It will be a one story, one room affair and will be used to teach undernourished and physically undeveloped children.

DARE-DEVIL SPARKS HAS CLOSE CALL AT HORNELL

Hornell, Sept. 1.—More than 20,000 people who were jammed into the fair ground yesterday afternoon were given a thriller when "Dare-devil" Sparks, whose home is in Bradford, Pa., had a close call when he leaped from the wings of an airplane as it soared high above the grounds. The wind swept his tiny parachute along at such speed that he was thrown into the top of a tree and badly bruised. His clothing was nearly stripped from his body.

While bruised and sore, Sparks will be able to complete his engagement at the fair. Lieut. Harry Emery, also of Bradford, will give a flying exhibition today.

OLEAN YOUTHS HELD FOR SECOND DEGREE BURGLARY

Olean, Sept. 1.—Four South Olean lads, charged with burglary in the second degree, were held for the grand jury by Judge Keating today.

They were Frank Chadwick, Horatio Brown, George Driscoll and Glynn Biehler. Their ages range to 19 years. They were arrested by Police Chief John C. Dempsey and Patrolman Amos Blakslee at 2.30 o'clock this morning.

The lads, according to the police, confessed to a burglary of the Rockwell store in the south side. They admitted climbing a telephone pole, and going through a hole in the roof of the store.

Jack Dempsey is having a hard old time finding somebody else to lick so that he can earn a couple dollars.

PECULIAR ACCIDENT WHEN MACHINE TURNS TURTLE

Bradford, Sept. 1.—A most peculiar automobile accident in which four persons miraculously escaped serious injury occured at 6 o'clock last night near the top of the Marshburg hill when a Franklin sedan got out of control and turned turtle. The machine was being driven by Dr. M. M. Rankin of Ridgway, and Mrs. Thompson, of Ridgway, and Mrs. Thompson and daughter of Arkansas, was returning to Ridgway from a trip through New York state. Although the car was badly wrecked, the passengers escaped with only minor injuries.

The car was traveling at a moderate rate of speed up a hill, veered sharply and ran ahead into a high bank on the side of the road. The force of the impact overbalanced the machine which rolled over on one side and completely upset. After landing on its top, with the wheels in the air, the machine settled down on one side.

Mrs. Thompson of Ridgway sustained the most painful injuries. As the car turned over, she opened a window and her hand was caught in between the car and the ground. The others were slightly cut and bruised.

WAR VETERAN CARELESSLY MARRIES TWO WOMEN.

Ridgway, Sept. 3.—Otto E. Heler, traveling salesman, of Olean, in the employ of a Bradford firm, who is alleged to have lost his memory and during the lapse married a Coudersport girl, when he had a wife and child living in Olean, was sentenced to a year in jail and $500 fine and costs when brought before Judge McCormick at the session of argument court yesterday. Upon payment of the $500 and costs the jail sentence was remitted. The real Mrs. Heler was on hand with the child and there was an affectionate reunion at the court house. Mrs. Heler gave her husband a resounding kiss and the family went away happy.

Heler created a sensation in Pittsburgh a few months ago. He awoke in a hospital and said he had been in dreamland or some other place for several years. He had even served in the World War but could recall nothing. Heler professed surprise when told he was married. The ceremony took place in Ridgway, a well known Coudersport girl being the bride. However, Mrs. Heler No. 1 heard about the affair and she soon put in an appearance.

KANE GIRL FOUND IN BRADFORD WITH CARNIVAL MAN.

Bradford, Sept. 5.—Elizabeth Stites, the 17-year-old daughter of Mr. and Mrs. John Stites, of No. 422 Chase street, Kane, ran away from home last week and the theory of the Kane police was that she was taken away by a man she met at the carnival in that city last week.

Her father came to Bradford yesterday to find out if the theory was correct, and it was, for he found his daughter with a fellow at the carnival which is showing here this week.

The father and daughter called at the Bradford police station yesterday afternoon, where Mr. Stites told the officers that he would like to get a warrant for the arrest of the man in question for enticing his daughter from home. He was told to see an alderman, but it is believed that he did not get a warrant.

The girl is a god looking pink-cheeked lass with blue eyes and light brown hair. When she was found missing the police in the various cities and towns within a radius of 50 miles of Kane were notified to look for the girl. The runaway accompanied her parent home last evening.

Now that we've about decided to disarm with the rest of the world, there is another super-dreadnaught launched. But it will make a nice little splash when they sink the whole darn Navy.

That much touted Emporium gang came to Smethport last Sunday and was hoplessly outclassed by the locals in every department.

TWENTY-YEAR SEARCH ENDS

Ridgway, Sept. 1.—A father's unsuccessful search for his two sons, which covered a period of 20 years, ended here today when Andrew Krieg arrived at the home of his sister, Mrs. S. D. Gilliland, of 18 Lincoln street, after a weary journey on foot for the most of two days and nights.

Mr. Krieg, who, although he has traveled continuously for the past 20 years, has given No. 18 Lincoln street this place as his address, will soon leave for Panama, where has accepted a government position. He has tired of the quest which carried him the length and breadth of the United States more than half a dozen times.

During the past 20 years he has visited the snow country of the frozen north and suffered the intense heat of the tropical zones in his unsuccessful search.

Krieg says that in 1902, while clearing a tract of land about 40 miles from his home, which was then at DuBois, Pa., his wife and two small sons disappeared without leaving any trace of their destination.

Distracted, he wandered from place to place, searching wherever he thought he had a clue, but all to no avail. They have never been found nor even directly heard of.

Immediately following the outbreak of the war, Krieg received word that the boys had enlisted in the army under the names of John H. and Louis H. Thomas. His informant, a Spanish girl who lived in Texas, said that the boys were stationed at Kelley Field, Texas, so the father made all haste there, only to find that they had been sent overseas just prior to his appearance.

Thinking to find them in France he enlisted in the aero division, but the cessation of hostilities prevented his being sent across.

Discharged from service, he continued his search through the channels of the war department and discovered that one of his sons had given his address as Taylor, Pa., and his closest friend as Walter McLour, of No. 220 Locust street, Scranton, Pa. The boy had been a member of troop L, Third cavalry, discharged in 1919, but re-enlisted in Fort Taylor, Va.

At Scranton Krieg learned nothing that would assist him in locating his family.

His last effort to locate the missing boys and their mother was made in Buffalo. Krieg stated that he has become wearied over the tiresome search. His money has been spent and he is leaving for Panama to take a position there.

FIND THAT SEGREE WAS KILLED BY EXPRESS TRAIN.

Emporium, Sept. 1.—A third and final coroner's inquest over the body of John Segree was held at the undertaking parlors of George J. LaBarr Tuesday, the jury coming to the conclusive assumption that the early morning Erie flyer struck and killed Segree.

A number of friends of Segree, who were with him the night before his death, testified that they had left him at different hours up to 2 a. m. At 3:45 he met the early morning Buffalo flyer with a car from the garage, and afterwards had lunch in the restaurant of Major Doryat at East Emporium, leaving there about 4:20. It was assumed by the jury that Segree after bringing his car to the garage and leaving the keys in their proper place, had crossed the tracks to the ice plant to get some water and on returning was struck and knocked under the wheels of the Erie flyer, which is due at Emporium station at 4:52, leaving the junction that morning three minutes late.

The hands on the watch which Segree carried were crushed into the dial and stopped at 4:56, further verifying the fact that he met his death in that way. A number of the jurymen held to the fact that anyone could not be run over even by but one wheel and not cut in pieces. However, it was shown to them that this could be possible and after three meetings the jurymen passed a verdict that Mr. Segree met his death by being struck by the Pennsylvania train going west at 4:55.

JOHNSONBURG MAN SHOT AT AND BADLY WOUNDED

Johnsonburg, September, 1.—That Charles Ross is alive today, instead of being only wounded in the arm, is due to the bad aim of the unknown persons who apparently tried to assassinate him about 8:30 Tuesday evening.

Ross recently returned here after working some time around Buffalo. He was working on the section on the Pennsy, and stayed at the section house at Cummings Run, where Foreman William Funk presides.

Tuesday night he started home, via the Pennsy tracks. As he reached a point near the Yingling-Martin brick works, some persons unknown who were in the brush or were lying along the railroad embankment, fired three shots, presumably from a revolver. The first shot went wild but the second shot struck him in the left arm near the elbow, resulting in an ugly wound. When the third shot was fired, Ross was making such speed in the direction of Johnsonburg the bullet was unable to overtake him.

As Ross neared Bridge street, he met some friends who escorted him to the office of Dr. Warnick where the wound was given attention.

Somebody again comes forward to remark that prohibition is now being enforced. But we wonder what kind of home-brew that guy was drinking?

BRADFORD SCHOOL DIRECTOR RESIGNS HIS POSITION.

Bradford, Sept. 3.—At the final meeting of the board of school directors prior to the opening of the Bradford public schools on Tuesday, September 6th, the resignation of Director John C. Mills, who for the past year has been in California, was tendered and accepted.

In a written communication tendering his resignation Mr. Mills explained that he would be detained in California indefinitely. The members of the board discussed at some length the proper method of filling the vacancy caused by Mr. Mill's resignation. In the absence of President McAlpin, Dr. Robert Kerr presided. It was explained that under the state school law a period of 30 days is allowed in which the school board may appoint a successor to fill a vacancy. In the event no appointment is made within this period, a petition signed by 10 taxpayers may be entered with the judge of the district, who is then empowered to appoint a director.

The term of Mr. Mills would have expired in 1923. It was explained that the appointee to fill the vacancy would hold office only until the next general election, or until the first Tuesday after the first Monday in November. The board deferred action upon the appointment of a successor to Mr. Mills until their next meeting.

JUDGE BOUTON RENDERS DECISION IN BRADFORD CASE.

Bradford, Sept. 3.—Edward M. Bitner and James L. Moseley, members of the city council, whose terms expire December 31, 1921, have been advised that a decision rendered by Judge J. W. Bouton disallows the protest entered against their petitions for placing their names on the ballots at the coming election in November, and as a result these two members of council be candidates for reelection.

Mr. Bitner has served a complete term as Superintendent of Accounts and Finance while Mr. Moseley was recently appointed to fill the vacancy in the Council caused by the death of H. E. Allen, Superintendent of Streets.

Both gentlemen filed petitions with the County Commissioners to have their names placed on the ballots as candidates for re-election and it is understood a protest was filed by other candidates on the grounds that the petitions were irregular since the petitioners had not filed two affidavits as required by the law of 1917.

Judge Bouton was requested to render a decision in the matter, with the result that the protests were not allowed.

BRADFORD OIL MEN HOLD A SUCCESSFUL BANQUET

Bradford, Sept. 2.—A most enjoyable banquet was held last evening by 100 producers, drillers, gaugers, contractors and roustabouts, all members of the Oil Men's club at the Y. M. C. A. building. The affair was typical of an oil men's meeting, which means in a nutshell, that it was a genuine success, the spirit of fellowship pervading throughout the affair. Oil workers engaged in every phase of this most important business in this section were present to enjoy the excellent repast provided by the club and to listen to the speeches.

Hon. John A. Fitzgibbon, acting as toastmaster, gave a brief explanation of the object of the Oil Men's club and its aims, and then introduced R. F. Habgood as the first speaker. The latter commented on the peculiar nature of oil men, saying that although very often it is a simple matter to mistake a tool dresser for a driller, or even a producer, there can be no mistake in identifying a man engaged in the oil business; that they carry the stamp of the oil profession on their characters.

William J. Healey, president of the Northwestern Pennsylvania Oil Producers' association, urged the fullest co-operation between producers and lease men, the interests of both, it was said, being identical, as the prosperity of the producer is reflected in the price per foot paid for drilling and also in wages. The members were urged to take an active interest in politics.

J. W. Milligan gave a brief talk in behalf of the Y. M. C. A., urging closer relations between the organizations. The Hon. E. S. Boyne was called upon for remarks and he responded with one of his ever popular talks.

LET'S HEAR THE TRUTH.

We were not proud at first that the President saw fit to send United States troops to the troubled mine zone in West Virginia, presumably to subdue the honest workmen to the benefit of the coal operators, who seem to have the entire state in their tenacious grip.

But now we believe that a deep purpose was back of this move.

Left alone, the state would probably wage an internal revolution that would bring disgrace on the whole country. The miners apparently were out to make things hum, and no doubt would have created quite a little excitement. But when they saw the bayonets of the regulars they refused to continue the warfare.

Now the reason, we believe, for the sending of these troops to the scene was to permit a thorough investigation and analysis by the commanding officers of the entire situation.

Then there would be no covering up of the conditions enforced upon the miners but a brutal exposition of the coal operators' dealings.

At least, we sincerely hope so.

Now some woman is asking $5,000,000 to keep quiet. Well, we guess it's worth it.

NO APOLOGY, BUT PRAISE.

Congressman Mondell, floor leader of the House was fully jutsified in speaking in words of praise of the work of the present session of Congress which has adjourned for four weeks vacation. Among the accomplishments of the session may be cited:

Emergency tariff act, immigration restriction act, budget system act, peace resolution, army and navy appropriations reduced and army cut, treasury deposit of $25,000,000 for Farm Loan Board, export trade organization act, consolidation of soldier relief agencies, federal supervision of the packing industry.

Act authorizing War Finance Corporation to issue $1,500,000,000 of its own bonds and to lend $1,000,000,000 for financing agricultural exports.

Authorization of extension of the $500,000,000 credit to the railroads in order to tide them over the present situatin.

The record is one that needs no apology and which will compare favorably with legislation enacted by any Democratic Congress within the same period of time.

The gasoline tax, now. Yep, its up to us to keep on winning the war that the Democrats made such a bad mess of.

AT WORK ON THE TAX BILL.

Consideration of the revenue bill has been taken up by the Senate committee on finance. Nothing will be allowed to interfere with the work in hand, for it is recognized that the measure should be ready for presentation when Congress reassembles on the 21st.

All depends upon what a majority of the committee is willing to do. If it tries to patch up the miserable, makeshift rushed through the House, there is likely to be a stormy pathway ahead. On the other hand, the plan suggested by Senator Smoot is by long odds the best that has yet been put in shape.

For the masses, it proposes to wipe out all of the so-called "nuisance" and "luxury" taxes—no more taxes on amusements transportation, soft drinks, fountain syrups. In fact, all of the special levies—a long list of abominations—are discarded. It gets rid of the excess profits taxes and reduces the super taxes to a minimum of 32 per cent. In place of this noxious mess it puts a 3 per cent tax on the product of manufactories. Call it a "sales tax" if you like, but it begins and ends with the manufacturer.

As a compromise between the detestable revenue bill passed by the House and a real sales tax system, Mr. Smoot gives us something of genuine value. The finance committee will do well to adopt it promptly and then settle down to the tariff revision problem.—Philadelphia Inquirer.

Isn't it terrible that the kind-intentioned coal operators are having such difficulty in civilizing the West Virginia miners—to the operators' purposes.

OBREGON BALKS.

President Obregon, of Mexico, tells his Congress that the signing of a treaty with the United States is "neither possible, convenient nor necessary." His Congress agrees with him.

Unquestionably matters have improved in Mexico. The land of the Serpent and Sun is reasonably quiet. Probably foreigners are reasonably secure there at present. The nation is said to be economizing and almost ready to take up payments of interest at least on its gigantic, ancient and half-forgotten national debt.

But section 27 of the Mexican constitution still stands. True, the supreme court of Mexico has ruled that it does not apply in its far-reaching confiscations to lands, mines and properties that were owned by foreigners prior to the passage of the constitution. But not so long ago this same supreme court ruled directly to the opposite. It has reversed itself now, but may it reverse the reversion?

The Mexican Congress and President Obregon are understood to approve this ruling of the court. However, a new Congress may think differently and probably will, and how long will Obregon be President of Mexico.

The Mexican government is anxious about foreign capital; it wants its resources developed. It is willing to give various and sundry lip-guarantees, but it balks at solemnly sealing and signing a treaty that will make its recognition by the United States certain and loose a flood of American capital into its undeveloped areas.

His denunciation of the treaty marks another of these United States-Mexican "crises" that come so fast that they make a continuous blurred panorama. We are just about where we were when we began talking with the Obregon government. Recognition may be a good ways off and well around another corner.—Public Ledger.

"UNCHARTED SEAS" WITH ALICE LAKE AT THE STAR

Alice Lake in "Uncharted Seas," a soul sounding story of a woman's test of manhood, will be one of the attractions at the Star Theater during the coming week.

The story deals with the ice-bound north land, where the woman appears in this region of wild passions and barren stretches in an effort to regenerate her husband.

The unusual beauty of the ice-capped regions of the Arctic seas with the background of the flashing aurora-borealis is a feature that will be a delight of the audiences.

SKIRTS ARE UNCHANGED

In the matter of styles for separate skirts designers appear inclined to let well enough alone. The new utility skirts for winter are still made of striped or plaid materials, and are usually plaited either in box or side plaits. Their resemblance to summer skirts ends when fabrics are considered. These are heavier and in warm, rich colors.

ELEGANT AND USEFUL

Crepe de chine was chosen for making this handsome blouse for fall. It is in a bright henna shade with stitchery in white and white crepe de chine facing the sleeves and neck opening. The collar may be worn open, disclosing the facing and a small, plain vestee of the white crepe.

SIMPLE AND RICH

When coats are at once simple, rich and distinctive they answer all the requirements needed to make them a success. In the model shown here the designer has used the season's new ideas to the best advantage and has produced an original and conservative wrap, plain enough and trimmed enough to pass without criticism.

THE FIGHT

against high prices has been won. Our new

BOOSTING FOR LEGION MEN

Veteran of Royal Irish Rifles Seeks Recognition of Americans in the Canadian Service.

The German invasion of Belgium in August, 1914, found Mike Sullivan, veteran of the Royal Irish Rifles, managing a hotel on Broadway, New York. He chafed behind the register until a hot day in June, 1915, when he bade farewell to his wife and children, gave them the year's profits and sailed as a steward on a liner bound for Liverpool.

He worked his way to Aberdeen, Scotland, where, by citing his father's long service with the Gordon Highlanders, he persuaded the kilts to enlist him despite his forty-five years. Later he obtained transfer to the Eighty-third Royal Irish Rifles, with whom he had fought three years in South Africa, and sailed for France in August of 1915.

Wounded at Armentieres, he was sent back to the United States in 1916 as "unfit for service." He spent a period in Mount Clemens hospital, was discharged and set out for Canada, where he persuaded the Three Hundred and Fifty-fifth Infantry, Canadian Expeditionary Forces, to take him on. Overseas his old wound caused trouble, and he was sent back to the United States again, "unfit," etc.

Arriving in America in 1918, he toured New York and vicinity for the Third Liberty loan, appearing in his kilts, singing trench songs and telling why the loan should be oversubscribed. With Congressman F. O. Hicks he likewise campaigned for the Fourth Liberty loan, resting up while the Victory loan was carried through to success.

Sullivan, a member of the American Legion at his home on Staten Island, recently appeared at national headquarters of the Legion to offer his aid in obtaining for Americans who enlisted with the Canadians the same privileges as have been accorded the C. E. F. veterans. Now he is in Canada seeking a hearing with Dominion officials in the matter.

COMMANDS NEW S. S. 'LEGION'

Captain Corkum Soon to Make Trip to South America—Sent Two Subs Down.

Capt. Alex C. Corkum, commander of the new S. S. American Legion, which is soon to make its first trip to South America, is accredited with having sunk two German submarines while he was commander of the U. S. transport "Amphion" in naval transport service during the war.

Preparations are now under way for a two-day trial trip of the "American Legion" from Camden, N. J., where it was constructed by the New York Ship Building corporation for the United States shipping board. John G. Emery, national commander of the American Legion, together with other officials of the legion and representatives of this and other countries will be on board the ship during the trial trip.

Captain Corkum, besides his submarine sinking record, is famous for having established a new world's record for running time between New York and South America. The "American Legion" will be operated between New York and South American ports.

EVERY MEMBER GET ANOTHER

Indications Are That Big Campaign Will Double Membership of American Legion.

The "every-member-get-a-member" campaign of the American Legion has begun, and reports received at the national headquarters at Indianapolis indicate that the purpose of the campaign, to double the membership, will soon be accomplished.

To double the membership of the Legion was the ardent wish of F. W. Galbraith Jr., late national commander, who was killed in an automobile accident at Indianapolis. His successor, John G. Emery of Grand Rapids, Mich., was probably the first member of the Legion to get a member when the present campaign opened.

Mr. Galbraith planned the campaign a short time before his death. He was anxious to have the membership doubled by October. It now appears that the campaign will end before that time.

In his statement setting out plans for the campaign, Mr. Galbraith said: "The Legion has earned the right to do something in a national way primarily in the interests of its organization, and the time has come to exercise that right. I propose that the American Legion shall exactly double its membership. A tremendous undertaking you say. Yes, tremendously simple. Just an intensive effort when every Legion member in the world shall go out, lay a firm but friendly hand upon a buddy and sign him up. Every member get a member—and the job is done."

REES FAMILY REUNION HELD ON FARM NEAR COSTELLO.

Mr. and Mrs. H. C. Warner and daughter, Ona May, and Mrs. Ona M. Horton motored from Salamanca to Farmers Valley Thursday, the 25th, and were joined there by Mrs. Mary Caldwell and proceeded on beyond Costello to the Rees family reunion, which was held on the farm of Bird Rees, formerly the home of his father, John Miller Rees, deceased. A long table was spread under the trees in the orchard, heavily laden with appetizing viands and refreshments which looked very inviting, at which 120 or over were seated as one large family.

The address of welcome was made by Mrs. E. C. Champlaine and the response by Arthur Rees, president.

A recitation was delivered by Mrs. Lucy Tuttle, also a solo, "Weep Not," by Miss Ona May Warren, ex-director of music at Stroudsburg State Normal School, which was encored and responded to with "I Love You," followed by an oration by Charley Bar, now owner of the farm of Columbus Rees, deceased, and remarks and suggestions by many others, with honors to the departed early pioneers who so manfully cleared the forests, and builded homes, churches and schools for their children and children's children to enjoy.

All then sang, "My Country 'Tis of Thee," after which was a benediction by the president, then came the handshaking, visiting and farewells.

High School Notes

Following the removal of chairs and desks in the study hall for better fire protection, the room is very crowded, and during a few periods a day some of the classes have to study in the office. The office is now equipped with seats and desks instead of the benches of last year.

The football team started practice on Tuesday evening with 25 candidates out with great enthusiasm. The Athletic Association held an election of officers, the following being elected: Howard Strong president; Charlotte Spanogle, vice president; Leota Hovis, secretary; Hilding Johnson, treasurer.

The Seventh Grade is now in the old building, having changed its quarters with the Sixth Grade, which now holds forth in the new building.

Fire drill was held on Friday. Everyone got out safely; the High School and Seventh and Eight grades went down the fire escape and the lower grades getting out enroute the front door.

Everyone is still in the throes of the early-year studiousness. Let us hope it will last, but then one cannot tell.

Tickets are on sale for five games the High School football team will play at home. The price is $1.50.

The High School pupils were glad to welcome Privates Leland Halpenny and Frederick Heinlein back to the class room. Both of these young men are tanned to a turn and still carry that air of the military gained at the civilians' training camp at Camp Meade, Maryland.

HOUSE OF DAVID MEMBERS PASS THROUGH SMETHPORT

A number of members of the House of avid passed through Smethport last week, stopping at Geary's store for refreshments. It is believed that they were on their way to Olean where a baseball team composed of their sect played a game.

The sight of the bewhiskered and long-haired gentlemen and their air of dignified severity attracted some attention on Main street.
